LEE REN JIE

Profile

I am an ambitious and dedicated individual with full-stack web development skills and experience. Furthermore, I am capable of handling multiple tasks regularly and working under pressure. Other than that, I have worked as part of a team as well as independently through clubs and mentors. Finally, I enjoy helping others, as seen by my endeavors to write articles and create a tech community for tech students.

Technical Skills

- Languages (Python, Ruby, Java, PHP, HTML, CSS, JS, SQL)
- Frameworks (Bootstrap, JQuery, Ruby On Rails, MERN)
- Git, GitHub, Scrum, VSCode, Heroku, MySQL
